

VC4710 & 446L Dust Extractor ADAPTERS

For a complete up to date listing of all relevant accessories to support these products, please refer to makita.ca

1 3/8" HOSE

Standard Equipment

P-79865

VC4710

You Tube

1" Hose Fittings (P-70487) exact same as 446L when used with 1" Optional Accessory Hose

1" HOSE

Standard Equipment

P-70487

OR

1 3/8" HOSE

Optional Accessory

P-70362

446L

When greater suction power is required for coarser materials (e.g. wood chips), it is recommended to use the 1-3/8" Anti-Static Suction Hose which offers greater air volume.

P-70378*

Quick Connect Tool Adapter for 1-3/8" Hose

Where P-70378 is marked with an asterisk (*), P-70421 may be threaded directly to the 1-3/8" hose and P-70378 not utilized. P-70378 should be used when the vacuum hose is regularly switched between different tools. Using P-70421 alone offers greater security between the adapters and slightly increased performance.

Tool Models	Hose	Adapter Part No.			Dust Extractor Models
 Mitre Saws LS1216, LS1016, LS1018L, LS1017L LS0815FL, LS01714B, LS0714 LS1440, LS1221, LS1040	1-3/8"	No Adapters Required			VC4710
